VanDetta, Wayne	243-11x	238-09x	247-11x	-	247-15x

- Comments:**
- 5/14 Nice turnout. A great afternoon-evening for shooting, warm and pleasant – fun had by all. This was a successful introduction to elite rimfire target shooting. Pins were awarded to target winners; Chris Bouck (Sporter Class-ARA & IR 50/50), Wayne VanDetta (Unlimited Class-ARA), and Ken Benton (Unlimited Class-IR 50/50).
- 6/11 Another great turnout. Weather was very nice, but winds were quite variable. We added a some new players to the game and everyone appeared to enjoy the challenge. Pins were awarded to target winners; Ken Andersen (Sporter Class-ARA & IR50), Alec Mahon (Unlimited Class-ARA), and Rich Carlson (Unlimited-IR50). Special thanks to Dennis Newcomer for assisting in the scoring process.
- 7/02 This was a very nice day for a match. The winds were tricky. Constant wind changes and wind flags pointing in different directions provided a challenge for most to find favorable conditions to release a round. Welcome Jr. Dean and Tim Gilbert to ARA and IR 50 – great to have you on board. It appeared that most competitors found some challenge, learned a few things, and enjoyed the collegial atmosphere throughout the match. Special thanks to Ken Andersen for the great holiday cake he provided at the match. Wayne VanDetta ate most of it so I didn't get any. Wayne also complained that no one brought milk - he needed a glass of milk. Target Pins will be awarded at our Monday RFL match on 7/20 ; Ken Andersen (ARA & IR 50 Sporter Double Class Winner - 2 weeks in a row) and Tim Gilbert (ARA & IR50 Unlimited Double Class Winner). Congratulations to both competitors. Another special congratulations to Tim Gilbert as he scored the first 250 of the season. Tim Scored the 250 plus an amazing 20 X's in the Unlimited Class IR 50 target. Tim will receive a special IR 250 Pin at our annual banquet. Nice job to all!
- 8/13 Smaller turnout than normal, but the weather cooperated and everyone enjoyed the afternoon. Welcome Peter Betz and Brian Plew. Peter is a veteran here at the PTRC as he competes in our RFL. Brian is the son of Fran Plew who happens to be visiting from California. Brian also shoot's competition in California. Happy birthday celebrations on the range as we honored veteran shooters Harold Achzet and Fran Plew. Harold said he just turned 42 and I think Fran clamed to be 27. Uh huh! Special thanks to Ken Andersen who made a Hawaiian cheesecake – it was delicious. Good thing Wayne wasn't there because no one brought milk. Congratulations to target winners; Ken Andersen (3x Double Sporter Class Winner) ARA and IR 50, Mike Johnson (ARA-Unlimited), and Ken Benton (IR 50 Unlimited). This was Ken's 2nd Class win in IR 50. Nice job to everyone. Our 5th and last installment in the ARA/IR 50 competition will be held on Thursday, September 10, 2015. Let's get everyone to this event and really make it a great finale.
- 9/10 Eleven hearty souls braved the elements during this last event for the season. A drizzly rain with a steady light breeze made for challenging conditions and the light level was significantly diminished by overcast skies. Some great shooting was had, however, with the second 250 scored in IR 50 for only the second time this season, thus proving the challenges of the ARA and IR 50 targets. Congratulations to Vince Vandetta for scoring a 250 and 14 x's on the IR 50 target. This was Vince's second match for the season. We also welcomed, Tim Ryczek, as he tried his hand in elite rimfire competition. Thanks to Ken Andersen for his delicious whiskey cake that made the event even more enjoyable. The ARA and IR 50/50 season proved to be a huge success as 18 different shooters entered the realm of elite rimfire competition. ARA and IR 50/50 Pins were awarded to double class winners, Ken Andersen (Sporter Class) and Vince VanDetta (Unlimited Class). Terrific shooting.

Overall Final Standings

AGG = Aggregate (total of monthly scores) + TXC = (total X count) = PTS (total points for place standing)
